

Call for abstracts for the online Oxford Metabolic Health Annual Symposium 2021

The fourth OMH Annual Symposium is being held virtually on Wednesday 7 July – Thursday 8 July.

Are you a postdoc, RA, fellow or student? If so, we'd like to hear about your research and promote it at the symposium. Please send us a short abstract which will be included in an electronic booklet. These can be on any aspect of 'metabolism and health' and for work already presented elsewhere or for new work.

We will select a number of abstracts that we consider are of interest to the OMH community and fit well in the programme for oral presentations or flash talks at the symposium.

The abstract submission deadline is Monday 21 June 2021. Abstracts should be emailed to jane.itzhaki@medsci.ox.ac.uk

Guidelines for submitting an abstract

- Limit your abstract to **one page only** (with normal margins, including references and any images).
- Give the title of your abstract, followed by authors' names and affiliations.
- Give affiliations in the following format: Division/Institute, Department, University, Country.
- Underline the author.
- Indicate if the author is a DPhil student or postdoc/fellow/RA.
- Limit the main text of your abstract to approximately 300 words.
- Include the rationale for the research, methodology, results and conclusions in the main text.
- If necessary, you can include a figure (but please do not exceed the one page limit).

Please contact Jane Itzhaki (jane.itzhaki@medsci.ox.ac.uk) if you have any questions. You will be notified two weeks before the symposium if you have been selected for an oral presentation.
