

Mathematical, Physical, and Life Sciences Division

GRAD CHALLENGE

FORMERLY KNOWN AS GRAD SCHOOL

Medical Sciences Division

Mon 23 - Wed 25 September 2013

Medical Sciences Teaching Centre, South Parks Road

"I learnt I had more skills than I thought I did"

"The best bit was meeting new people and realising I could do more than science!"

"I was really blown away by the clarity I gained from the course"

"Fun as in academically useful and challenging at the same time"

A 2.5 day personal development course for graduate research students in the Medical Sciences and Mathematical, Physical, and Life Sciences Divisions.

FOR DPHIL STUDENTS IN THEIR SECOND YEAR AND ABOVE

Come and spend two and a half days with us – be challenged and challenge yourself. You'll get the opportunity to assess and audit your skills and motivation, develop new skills, think about your future career and what your next steps towards it are going to be. If you take up the challenge, you will go away with more than you expect.

To apply to attend this course, please complete an application form at:

www.medsci.ox.ac.uk/skillstraining/coursecatalogue/allcourses/163

Please note places are limited and you are encouraged to apply early.
For enquiries: courses@medsci.ox.ac.uk or skillscourses@mpls.ox.ac.uk
