

Do you have experience of ill health?

Could you share this to help train future doctors?

JOIN US AS A PATIENT EXPERIENCE PARTNER!

Patient Experience Partners share their experience as a patient, carer or family member to help educate future doctors by:

- Contributing to teaching sessions
- Sharing experience of living with their health conditions (in videos and case-studies)
- Giving feedback to students
- Helping to shape the medical course

No minimum time requirement

No specialist experience needed

Payment and training provided

Open to people with all health conditions and of all backgrounds
