TOURS OF THE MEDICAL SCIENCES TEACHING CENTRE

Throughout the day you will have the opportunity to learn more about the Medical Sciences Teaching Centre by taking tours of the classrooms and demonstration rooms, where you will be able to see some examples of e-learning materials, read posters of students' research projects, and look at an anatomy display.

PARENTS

Due to limited space in the Medical Sciences Teaching Centre, we are only able to invite **prospective applicants and teachers** (not parents/carers) to the events at the Medical Sciences Teaching Centre (including tours). However, there will be a talk about Medicine at Oxford and the application process specifically for parents and carers at around 10 am in the Department of Pharmacology Lecture Theatre (number 59 on [this map](#) of the Science Area), which will be repeated at around 2.30 pm.
