

Medical Sciences Division standard CV 2021_2022

Response ID	Completion date
1-1-1	26 Aug 2021, 17:04 (BST)

1	Surname:	Lastname
---	-----------------	----------

2	First name(s)	Firstname
---	----------------------	-----------

3	Date of birth	01/01/1997
---	----------------------	------------

5	Pre-University Education	<p>List here qualifications such as A levels, International Baccalaureate or equivalent.</p> <p>If you are applying from outside the United Kingdom then please indicate your country of study as well as the location of your school.</p> <p>For example: A levels: Anytown High School, Somewhereshire: Biology (A), Chemistry (A), Mathematics (A), Geography (A) (2015)</p>
----------	---------------------------------	---

6	University Education	<p>List here your post-school education, for example Bachelor's and/or Master's degrees.</p> <p>For example: University of Somewhere, BSc (Hons) Biochemistry and Genetics, 2i grade (69%). (Final year grade for research project, 85%) (2018)</p> <p>University of Elsewhere, MSc in Immunology, 72% (Distinction) (2019)</p> <p>Please include any other information you think may be helpful for assessors.</p> <p>If your university or college normally grades in GPA please include that information and indicate the maximum GPA available.</p> <p>If you are applying from outside the United Kingdom then please indicate your country of study as well as the location of your university or college.</p>
----------	-----------------------------	--

8	Employment	<p>This might include work as a Technician or Research Assistant, or employment during a vacation which was in an area relevant for your studies.</p> <p>For example: 2019-2021: Research Assistant in the group of Professor John Jones, Department of Medicine, University of Elsewhere.</p> <p>Please then give some details of the work, for example: We were engaged in researching the molecular mechanism of the bacterial toxin pneumolysin, using a range of cellular and in vitro assays, including...</p> <p>We only consider this section if you possess relevant work experience – otherwise it does not factor in our assessment.</p>
----------	-------------------	---

9	Research Experience	<p>For example:</p> <p>Research project internship, July-September 2017, working with Professor Jane James, University of Somewhere. This project involved a study of the effectiveness of small molecule inhibitors on the activity of hydrolases involved in antibiotic resistance in <i>Staphylococcus aureus</i>. Techniques used included...</p> <p>Final year research project, October 2017 - April 2018, working with...</p> <p>Online research projects can be as relevant as lab-based experience.</p> <p>We recognise that research opportunities have been affected by the pandemic. You can report on this on the main Graduate Application Form and also at question 12 below.</p>
----------	----------------------------	--

10	Publications, Preprints and Presentations	<p>Please give the full author list, title of the work and journal/preprint server in which it was published.</p> <p>Please if available give an electronic link to the publication.</p> <p>Please do not include papers in preparation, but you can list papers which have been submitted for publication, if available.</p> <p>Do not worry if you have no publications, preprints or presentations to report - as they are strongly dependent on educational/career stage.</p>
