

# Digital health: summary CV and publication list.

John Powell

University of Oxford, 23 September 2021

Professor John Powell is an academic public health physician and health services researcher studying healthcare in the digital age and how and why people use information and communication technologies in relation to health, and how services can harness these tools to deliver benefit. He has degrees in Social and Political Sciences and in Clinical Medicine from the University of Cambridge, and a PhD from the London School of Hygiene and Tropical Medicine. He is a Fellow of the Faculty of Public Health, a Fellow of the Faculty of Clinical Informatics and a Member of the Royal College of Psychiatrists.

He combines an academic career as Professor and NIHR Senior Investigator at the University of Oxford where he is Theme Lead for Applied Digital Health in the NIHR Applied Research Centre, with a role as Consultant Clinical Adviser at NICE, where he advises the NHS on the safe adoption of surgical and other interventional procedures, as well as working on the appraisal of digital health technologies, and on rapid Covid19 guidelines for the NHS. He is an expert adviser to Public Health England (PHE) and to the Medicines and Healthcare products Regulatory Agency (MHRA).

He was formerly Professor of Public Health at the University of Warwick where he led an Ehealth Research Group for 7 years and helped establish the Institute for Digital Healthcare. He has held significant national roles including Clinical Director of NHS Choices, the NHS website, and chairman of the BMA Information Technology committee. He also worked as Senior Medical Adviser to Netdoctor.co.uk during its launch phase in the UK. He is Editor-in-Chief of the NIHR Health Technology Assessment (HTA) and Efficacy & Mechanism Evaluation (EME) journals and Deputy Programme Director of the NIHR Evidence Synthesis Programme. He was founding editor of the SAGE journal DIGITAL HEALTH. He has been an Honorary Professor at the University of Manchester and Visiting Professor at Kings College London. He has >£6M in grant funding and H-index of 49 with more than 100 peer-reviewed publications, references listed below.
